

MELISSA COSTA

Frontend Developer | BTech CSE Student

m3licosta@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Visakhapatnam, India

PROFILE

Frontend developer who enjoys turning designs into clean, working interfaces with React, Next.js, and TypeScript. Comfortable owning features end-to-end and collaborating async with remote, cross-functional teams.

EXPERIENCE

Software Developer Intern — Bloom Local AI • Remote *Sep 2025 – Nov 2025*

- Led frontend development of web app features, owning tasks from design handoff through deployment.
- Coordinated with the engineering team to align on priorities, flag dependencies, and maintain delivery momentum.
- Used Notion, Linear, and Slack daily to track progress and communicate status asynchronously.

Frontend Developer — Pináculo Digital • Remote Freelance *Sep 2023 – Oct 2023*

- Delivered frontend development work independently, managing timeline and client expectations without direct supervision.

Frontend Developer Intern — Storgtech Tecnologias & Serviços, LDA • Remote *Mar 2023 – Jul 2023*

- Integrated Microsoft SharePoint solutions for internal teams, gathering requirements across stakeholders.
- Documented implementation steps and tracked progress to ensure milestones were met on schedule.

Technical Support Intern — Sogester • Namibe, Angola *Sep 2022 – Dec 2022*

- Handled helpdesk operations: triaged issues by priority, tracked ticket resolution, and assisted users with troubleshooting.

EDUCATION

B.Tech, Computer Science & Engineering — Andhra University College of Engineering *2023 – 2027*

CERTIFICATIONS

JavaScript ES6+ — Origamid, 2025

Networking Essentials — WomakersCode Scholarship, 2022
